WHO IS STOR SAFE?

Thirty-five years ago, Stor Safe built its first self-storage facility north of the river. Today Stor Safe consists of 9 properties, totaling more than 1,000,000 square feet of storage/warehousing space. The properties consist of a variety of warehousing, light manufacturing, retail and office space, plus indoor storage for boats, motor homes, and autos. One unique feature of Stor Safe is that both long term and short term (month-to-month) leases are available depending upon the individual needs of each tenant.
